GULF® PLAIN AND IODIZED TABLE SALT

PRODUCT DESCRIPTION
GULF® Table Salt is our high purity salt used in food processing and for human consumption. GULF® Table Salt is a minimum 99.9% NaCl and contains virtually no insolubles.

PROCESS
The product is made in the mechanical vapor recompression evaporating system from saturated brine. The salt is dried and screened for even distribution and fine blending.

PACKAGE
The product is produced in 24/26 ounce moisture proof, durable round cans with aluminum pour spouts and protective seals. Meets FDA and Food chemical Codex standards for food grade salt.
